Objective

Mathematics plays a key role in the development of various branches of science as well as in the understanding of physical world problems. We would like to hold a one day webinar on May 4, 2021, on Mathematics with a view to provide a platform to the students to learn from the veterans and rejuvenate through academic discussions with the experts of various fields of basic Mathematics. There will be invited lectures, and interactive sessions. Students will get opportunity to interact with experts and learn about application of mathematics.
